

Web & Digital Designer

Are you an incredibly talented Web Designer looking for a new challenge in a growing agency? If so, this is an opportunity not to be missed!

We are a RAR recommended full-service agency based in Derby. A forward-thinking and friendly design agency we provide targeted insight, strategy and design for a wide range of clients across a variety of sectors. We are a vibrant, hard working and fun team who are keen to stay ahead of our competition.

About the role:

This is an opportunity for a Web Designer to play an instrumental part in the business, working with a great team of designers all dedicated to delivering superb creative solutions. We are looking for an experienced web and digital designer, someone with the ability to create stunning concepts combined with great functionality with the end user in mind.

You will need to be passionate about design with a focused, positive attitude, the ability to hit the ground running and a CV/Portfolio that demonstrates your abilities. You must be capable of organising workloads, have impeccable attention to detail and be a great communicator. You will have agency experience, great conceptual ability, interactive design knowledge and typographical skills which you will need to demonstrate in your portfolio across a range of industry sectors.

Requirements:

- A relevant BA (Hons) degree or equivalent experience
- 3+ years experience working in an agency environment
- You will have proven experience of designing for print, web and digital
- The ability to interpret design briefs, create wireframes, develop visuals and work with our team of developers
- Problem solving on existing sites
- Good organisational skills with the ability to balance great design with meeting deadlines
- Excellent communication skills
- Ability to work in HTML/CSS
- Wordpress / CMS knowledge
- Good working knowledge of graphic design software, in particular Photoshop and Sketch
- A passion for design, web, & digital trends and an awareness of industry trends
- A sharp eye for detail
- A portfolio demonstrating great design and idea generation
- The ability to design web solutions that sit well with both existing and new brands
- Working closely with the team to deliver projects
